

Attention Linux User Groups

Announcing

The Arkeia Power Award™

For the Outstanding Linux User Group 2001

Knox Software, the developers of the Arkeia network backup software, would like to invite you to participate in the Linux User Group Arkeia Power Program for 2001. The winner of this year's event will take home the coveted Arkeia Power Award trophy and a \$1,000.00 grand prize.

To qualify for the Arkeia Power Award simply provide us with a written testimonial stating why your Linux User Group is the most influential, outstanding, community oriented, Linux User Group around. Include information that highlights your achievements, contributions, service to the community and anything else that will sway our decision.

If your group is selected as one of the semi-finalists, a Knox account manager will contact you to further build your case. Later they will represent your group on-stage at the LinuxWorld Expo in August at the San Francisco Convention Center in front of hundreds of show attendees. They will debate the merits of your group against Knox personnel representing other user groups from around the country. The winners of each debate will be decided by vote from the audience throughout the show. The winners of the East vs. West debates will square off on the last day of the LinuxWorld Expo to determine which Linux User Group is the best in the US.

To register your Linux User Group, please fill out the accompanying registration form and return it to; Knox Software Corp., 1901 Camino Vida Roble, Suite 200 Carlsbad, CA 92008. You can fax your form to 760-602-8599 or email it to sales@arkeia.com. Feel free to be as thorough and creative as you would like. Deadline for entry is July 15, 2001.

About The Arkeia Power Award:

At the LinuxWorld Expo each year, Knox Software will be announcing nominations and conducting debates for the best Linux User Group. Between our scheduled presentations throughout the day's events, Knox representatives will debate the merits and achievements of various Linux User Groups and, through audience voting, will determine which Linux User Group should be rewarded for their efforts and become an Arkeia Power Program Award Winner and take home the \$1,000 prize money.
